4 x 2 or 3 x 2 with a theatre, it's the space and versatility that make these brand new homes something truly special! Sitting on a fantastic corner block all 3 of these Quality built homes boast street frontage and no common drives, property or strata fees making them a real rarity in Nollamara. Not only has the immense size and space of 187sqm under the roof not been seen before but the location and positioning is even rarer still.
